Mounting

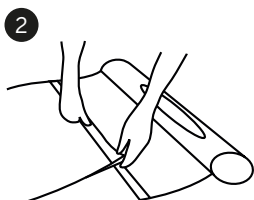

Clamp profile.

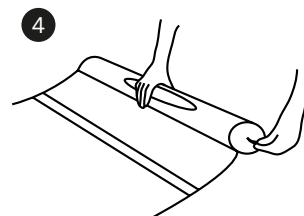

1 Open and insert the graphics into slot of the top profile. Secure it by closing the profile. Make sure to apply enough pressure to assure secure mounting.

3 Important! Apply thin packing tape over the joint.

2 Remove the protective liner of the semi permanent tape. Mount the image with the picture facing up. To assure the best result, please follow the line carefully.

4 With one hand firmly holding the image, remove the locking pin with the other. Please note that the product is now activated and should therefore be handled with care.
